The U.S. Embassy is pleased to be involved in the 8th CIHEET. We believe that educational exchange is one of the principal foundations of a healthy bilateral relationship. We note that over 60,000 Chinese students are currently studying in the U.S. We are sure that with the cooperation of people attending this conference the number of Chinese students will continue to grow. We are also happy to see the organizer, the Chinese Service Center for Scholarly Exchange, expanding efforts into new areas, such as the evaluation of credentials and the expansion of on-line information and educational services. In that regard we are pleased to have sponsored the participation of an expert from the U.S. Educational System Accreditation in this year's conference. We wish the conference and all participants a belated Happy Spring Festival and the best of success in the future.

A handwritten signature in black ink, reading "Lloyd W. Neighbors".
